

..... **BREAK THROUGH TECHNOLOGY!**

GT4000i-LPG

ELECTRIC START INVERTER GENERATOR

With 4000W max (gas) and compact design this single phase, 230V inverter generator is ideal for backup power and workshop applications.

- Power Output (Gas/LPG) 4000W / 3600W (max), 3500W / 3150W (cont.)
- Duel Fuel Petrol/LPG - regulator included.
- Push button start with WIFI remote starting.
- Reliable Powerdyne 4-stroke OHV engine.
- High performance air cleaner system for improved performance.
- Large capacity muffler and silenced casing for super quiet operation.
- Thermal overload circuit breakers for increased safety while operating.
- Heavy duty wheel set and handle for improved portability.
- Two-wire start perfect for solar integration

REMOTE START

Optional Parallel Connection Function

Synchronise 2 units to increase output for larger power demands

Includes Regulator

...for safe powering of sensitive electronics!
